

SCHOOL IS BACK IN SESSION! All residents must be cautious as children walk to and from Golden Hills School the back gate is very busy during the school year. Parents, you are responsible to make sure the gate is closed and locked at all times after usage. Children should walk to the side of the street and drivers must be on the lookout for “little walkers”. Thank you for your diligence

LANDSCAPE

- *Water usage and the drought continue to be a concern at Glenwood. You have probably noticed that our grass is not quite so green.....we are cutting back on irrigation now and planning for the future with drought tolerant landscaping. This is a serious issue to your HOA Board and we must all find ways to cut our water usage.*
- *The Landscape Committee will be walking soon with our Arborist from Treeco. **Tree trimming** is scheduled for October. Please contact Kim at GWPM or a member of the Landscape Committee if you have a tree that concerns you and we will discuss it with the Arborist.*

Message from HOA President, Judy Flowers

I have enjoyed serving on the Board of Directors for the past 4 years. Thank you for the opportunity. I encourage everyone to get involved and volunteer to serve on one of the committees. I also encourage you to attend Board Meetings and support your Board. The Board wants to hear your ideas. Thank you Chris Pavik, Christine Creel, Virginia Luzi and Janice Noren for serving with me this last year and for your dedication to this community. I will continue to support our Board of Directors and I applaud your commitment to Glenwood. Let us all work together to keep our homes beautiful and safe. See you all September 9th at the Annual Meeting.
